1 SaasentialCore — DOC-SC Handbook (v1.0)

2 SaasentialCore

2.1 Architecture, SRE++, AI Governance, FinOps & Compliance Contracts

DOC-SC Series (001–024)

Version: **v1.0**

Scope: **Multi-startup Platform Core**

Status: **Authoritative Reference**

3 Executive Summary

Ce package regroupe l'ensemble des contrats normatifs **DOC-SC-001** → **DOC-SC-024** définissant le socle SaasentialCore : architecture, fiabilité (SRE++), sécurité, multi-tenant, gouvernance IA, contrôle des coûts (FinOps) et auditabilité entreprise.

3.1 Objectifs

- Standardiser l'architecture et l'exécution (DI, workers, gateway, retries, state machines).
- Garantir l'isolation multi-startup / multi-tenant.
- Assurer l'observabilité, la résilience et la capacité de reprise.
- Gouverner l'IA (registry, policies, budgets) et maîtriser les coûts.
- Être prêt pour audits externes (SOC2/ISO mindset).

3.2 Principe clé

La **documentation (Markdown)** est la *source of truth*.
Les **PDF** sont des artefacts dérivés, générés et versionnés.
